THE FOURTH AT PROVO

The Day is Appropriately Celebrated and a Splendid Programme Carried Out.

Provo, July 4.—The Fourth was celebrated in Provo with unusual enthusiasm. The day was ushered in by firing a salute of cannon and the hoisting of flags.

Bicycle and running races were then conducted, under the auspices of the committee on sports. On East Center street, the winners and seconds being awarded prizes. The events were as follows:

One mile bicycle race—First, Ray Beck; second, William Norman. 400-yard foot race—First, William Doherty; second, Albert Hasmussen. Fifty-yard girls' race—Loon, Dunn. Seventy-five yard boys' race—First, Oran Walker; second, William Snyder. One hundred-yard foot race—First, William Doherty; second, R. S. Curtis. Time—1:35.

At 10 o'clock a large audience gathered at the tabernacle, which was tastefully decorated with flowers, flags and bunting. On the speakers' stand were grouped the Goddess of Liberty (Miss Eva Ward), Columbia (Miss Scheraga), Independence (Miss Grace Paxman), Justice (Miss Grace Farrer) and Mercy (Miss Stella Bachman), and young ladies representing states, territories and possessions, all beautiful and beautifully attired. In addition to these there were the speakers, members of the committee and other prominent citizens.

Mayor Taylor acted as chairman. The following programme was rendered:

Music.....Band
"El Capitán Chirre".....Band
Prayer.....Chaplain J. B. Keeler
"Star Spangled Banner".....Band
"Declaration of Independence".....Band
"The Sword of Bunker Hill".....Band

Responses to Toasts.
"The Day We Celebrate".....S. S. Jones
"Washington".....Dr. Everett Brimhall

Response by Prof. J. M. Jensen
"Jefferson".....Madame De Loery

Response by Judge M. M. Kellogg

The programme was exceptionally well rendered in every particular.

The oration was a splendid patriotic effort, adding additional lustre to the deserved reputation of Mr. Rydahl as an orator. It commanded the closest attention of the audience and was frequently interrupted by applause. The orator traced the ideal of individual liberty, which had always characterized the Anglo-Saxon race, to its growth and development until it became the central idea upon which the nation is founded. The responses to toasts were apt and spirited, and the singing and music inspiring.

MT. PLEASANT'S FOURTH

A Day of Recreation Interspersed With Many Festivities.

Mt. Pleasant, July 4.—Independence day is being fittingly celebrated in this city today. At sunrise the fun began with the booming of guns, and ever since there has been a constant rattling of crackers of all kinds and sizes. A large audience listened to an interesting programme at the Assembly hall.

A long and interesting programme of sports, including two ball games, was pulled off this afternoon. But, fortunately, no one was seriously injured.

Richard Brown, a resident of the Round Hills, a small settlement near here, met with a serious accident yesterday, which left him in a bad condition. He was stacking hay on a high stack and was knocked off by being struck by the heavy derrick which it swung over with a load of hay. In falling he struck heavily on a pole which lay at the bottom, his left side coming in contact with it. His arm was broken in three places above and below the elbow, all three bones being fractured, and his elbow was dislocated. It has left him in a bad condition, and, as he is a man over 50 years of age, his recovery will be very slow.

A mass meeting will be held in this city Monday evening to take final action regarding the waterworks system. Engineer Kelsey, who designed the system, has been in town during the week with his plans, and they have been accepted. Mr. Kelsey has been engaged to supervise the construction of the system. It will cost about \$20,000 and will cover the city throughout.

Marshal Knudsen returned this week from Castle Dale, where he has been as a witness in the Seely sheep stealing case. The defendant in the case, one Lott and his herder, Johnson, were acquitted, although, according to the marshal and many others who are acquainted with the case, the evidence against them was absolutely convincing. Some citizens of Emery are considering the advisability of having a grand jury called to investigate the matter.

The Rebekah degree lodge of this city drove in a body to the residence of Joseph Provo Thursday evening and gave him a most enjoyable surprise party, the occasion being the fifty-ninth anniversary of his birth.

All shepherds who have been running their herds upon the ground covered by the Mantle forest reserve have been notified that they must vacate immediately. This means a hardship for many in this valley, who have been herding their flocks there every summer for years, as they must seek new grazing grounds for the sheep and will be obliged to go out of the state to find them. Cattlemen will be expected to move their herds also.

A little child of Mr. and Mrs. Andrew Larsen of this city has been at the point of death for some days. She was given a tablet by mistake which had been intended for an adult, and it was so strong that it caused her extreme illness. She is improving slightly and may recover.

BRUSH-THOMPSON WEDDING

Marriage, July 3.—A quiet but very pretty wedding was that of Tillie Thompson, daughter of Mr. and Mrs. D. C. Thompson, and E. A. Brush, late of Silver City, but formerly of Provo, which was solemnized last Tuesday at the home of the bride's parents.

The ceremony was performed at 2 o'clock in the afternoon by County Clerk Horace Merrill, in the presence of relatives and a few friends of the bride. Pink and white roses and carnations were used in the beautiful decorations of the parlor and dining room. The bride was gown in the very richest of tulle and carried a shower bouquet of roses.

After the ceremony an elegant wedding feast was enjoyed by all present. Mr. and Mrs. Brush have a host of friends in this county, also in Sevier county, who will wish them all the happiness and also be glad to know the bride will stay a month with her mother visiting friends, before she leaves for her home at Park City.

She has been popular and greatly loved by all who met her, and was a great worker in the Y. M. M. I. A. and also the Sunday school and Relief society.

PARK CITY CELEBRATES

Starts With Splendid Parade and Winds Up With Programme of Sports.

(Special to the Herald)

Park City, July 4.—One of the greatest Fourth of July celebrations in the history of Park City was witnessed here today and especially was this true of the street parade, which was thoroughly enjoyed by all who witnessed it. The floats were better than those on any previous occasion. The float with a goddess of liberty, Miss Rhoda Mason, and forty-four little girls, represented the different states. Edna Evans, representing Uncle Sam, and Kena Wilson, as Utah, constituted the novel feature. The first prize of \$25 for the best float was awarded to the Welsh, Driscoll & Buck establishment, the second prize of \$15 to Barton & Phillips, and the third prize of \$5 to E. D. Sutton, meat market. After the parade disbanded the following programme was rendered: Singing by the choir, invocation, Bishop Rasband, singing by the choir; reading of Declaration of Independence, James Don; recitation, Flora Crossman; oration, C. A. Blodgett; singing by the choir and benediction. After an intermission of an hour sports were indulged in and the main prizes were awarded as follows:

100-yard dash—First prize, Ray Briggs; second prize, R. E. White.

Drilling contest—First prize, M. J. Harrington and Con O'Neill, the depth of the hole being 27 1/2 inches; second prize, Robert Malton, and Hugh Kelly, they having drilled 24 inches.

The trotting race, mile heats, best two out of three, was won by Berry Brothers.

The quarter-mile running race, best two in three, was won by John Kelly's team.

Considerable excitement was created in town today by the explosion of large fireworks, which set fire to the bunting used for decoration purposes on the L. E. Hubbard jewelry store building, and but for the number of people on the scene might have proved very disastrous. The fire was, however, quickly extinguished.

DAY FITTINGLY OBSERVED.

Eureka Gives Over to Joyous Festivities.

Eureka, July 4.—Eureka and all vicinity celebrated the Fourth here today in the good, old fashioned way. The weather, which had been threatening rain for several days, was perfect—a clear sky, warm sun and just enough breeze to keep the flags and bunting waving. At 9:30 o'clock the parade started up Main street, led by the aides, followed by the Little band playing "Hail Columbia" and the color bearer, with Spanish war volunteers acting as color guard. The next in the order came 200 school children, followed by a car bearing the Goddess of Liberty, Miss La Verne Moore, escorted by the uniform rank, Knights of Pythias, and the car of state, with Miss Sadie Adams representing Utah, with the degree team of the Marches acting as escort.

The second division was made up of the mayor, city council and city officials, the orators of the day and the members of the committee. They were followed by the Eureka volunteer fire department, and the various secret and civic societies, among which was the Miners' union of Eureka, 150 strong, attired in blue denim jumpers and overalls, under command of Sheriff Cronin. The fifth division, under command of Oscar Forslund, was made up of the commercial floats, of which there were a number of elaborate designs, handsomely decorated. The "Horse" under command of Captain Bridges, brought up the rear and were the cause of much merriment.

The programme at the grandstand on Main street was opened with music by the following: The Eureka band, led by Thomas P. Gales and by Gus Heibel, and, after a recitation by Mrs. Joseph Treloar, Weber, J. E. Langford, Salt Lake delivered an eloquent patriotic address. At 2 o'clock there will be a drilling contest, followed by horse races, sports for the children and a match game of baseball. The children will be given a dance returned from the early evening hours and the programme at the grandstand on Main street will be concluded with a grand ball in Odd Fellows' hall. A special train, leaving at 10 o'clock, will bring about 200 people this morning, and a number came out from Salt Lake to spend the day with friends.

BOTH SIDES STILL FIRM.

No Change Yesterday in the Building Lockout Situation.

The lockout in the building business does not seem to be shaping itself toward a settlement. Both sides are holding firm in the stand, and it is their intention to remain firm. There was no work going on anywhere yesterday except at the city hall, and it is the statement of the contractors that no work will be resumed by them Monday.

The contractors declare that the talk made by the union men that the taxpayers among their number are being discriminated against in favor of non-union transients who happen to come through the city, is all nonsense. It is their assertion that any one and ask no questions whether a man is a union or non-union man before putting him to work.

"We are after men who can do the work," said one of the contractors, "and if the non-union men can do it as good as the union men, we do not ask any questions. I believe it should be our right to employ whom we please and not work that we are doing. A man cannot exercise his own judgment, but must come and go at the beck and call of a union, it is time something was done. It is all right if it will keep its place. It is for the protection of its members, but when it assumes the authority to dictate to others who they can and cannot do, then what they can do and what they must not do, it is superseding its rights."

In regard to the statement of the union men that we will have to back down from our stand and take them back under old conditions because we have work that must be finished within a certain time, that is not the case. We have our work in a shape where we can let it stand for a long time and not suffer greatly. If it becomes necessary to go ahead with the work, we can bring in non-union men from the outside in sufficient numbers to do that work."

OGDEN NEWS

Office: 2454 Washington Ave.

Ogden, Sunday, July 5.

WAS A QUIET FOURTH

Men From Cut-off Bought Much Clothing But Very Little Booze.

Notwithstanding the presence of several hundred workmen on the Ogden-Lucien cut-off, the Fourth of July passed rather quietly in Ogden. There was but little disorder and almost none of this was traceable to the cut-off people. Their presence in the city, however, made a run on the clothing stores, which were crowded almost until daylight yesterday morning. One Washington avenue establishment supplied about 200 persons with suits of clothing, together with hats, shoes and the like. Other establishments did a similar business. The Levee district did not attract anywhere near the number of workmen that it was expected, and the number of special policemen and sheriff's officers which had been sworn in in anticipation of trouble had very little call for their services.

GEO. H. WOOD IS ILL

Was Operated Upon Yesterday at St. Mark's Hospital For Appendicitis.

George H. Wood.

George H. Wood, formerly county auditor and more recently of the city treasurer's office, was operated upon for appendicitis at St. Mark's hospital yesterday morning. He was in quite a serious condition when operated upon, but last night the physician stated that he had a good chance for recovery.

Mr. Wood was taken sick with the trouble two or three days ago, but it was not thought at that time that it was in a serious stage. Yesterday morning he became violently ill and an operation became imperative immediately.

At a time it was felt that it would be impossible to remove him to the hospital that the operation might be performed, but this was done and the appendix was removed by Dr. S. H. Pinkerton. It was found to be in a very bad condition and there were indications of perforation.

The patient rallied from the operation and showed some signs of improvement during the day. Last night Dr. Pinkerton stated that Mr. Wood was getting along as well as could be expected and he had an even chance to recover.
